LIE THE BLACKENED BONES OF
THE COUNTLESS MILLIONS WHO,
ON THE DAWN OF VICTORY, SAT
DOWN TO REST, AND RESTING...
DIED.

Or do they lie, cheat and steal? Do they speak of prosperity and change only to live like kings on your tax dollars while you are without money, jobs, medical care and a voice in their decisions?

Do you tire of them squandering your hard earned money on big business that consistently fails, only to throw more money at these corporations? And when they do fail, their captains of Industry jump ship with seven figure golden parachutes taking your meager retirement and benefits with them! They destroy your economy and get paid for it and take not only their ill gotten gains, but your very homes!!

Are you sick of seeing billions wasted on wars to protect you, when in fact they are wasting lives protecting their own capitalist ventures? And let your soldiers die by making them fight criminals and thugs with no respect for human life using rules of engagement that make them easy prey? We have begun the first phase in creating a better world. We have done what you're governments are too weak and spineless to do...we have made you safer by exterminating terrorists. You see, in OUR ideal world, there is no place for criminals, terrorists and burdens on society.

Ok, hit the lights.

As you all know, that Video went Viral a month ago. Since then, spots have turned up on multiple Television Stations, magazines and billboards worldwide. It seems Cobra wants recruit the masses. Sadly it's working.

And here we see Fred Williams. Look Familiar?
He's a known member of the Crimson Guard.
He's currently running for Senate in Idaho.
Another CG, Fred Berkshire is running for
Governor in North Dakota.

You're all familiar with Cobra Commander. He is at the forefront of this radical new push in Cobra, but we think he is following scripted actions. Information has come to light that the driving force behind this new Strategy is...

Serpentor. Somehow Dr. Mindbender has created another Serpentor, but intelligence is telling us this one isn't as rash or bold. As this new strategy they are using seems to indicate.

In the past, Cobra has used a myriad of different strategies to try to take over the World. This new Cobra push is frightening in that it is unlike any other tactic they have used. They are playing by the rules and that makes them more unpredictable than ever.

Dossiers of all known Cobra agents are available to you. I suggest you get intimately familiar with all the key players.

And now, I'm gonna turn this briefing over to General Clayton "Hawk" Abernathy. General.....

I won't kid you, Cobra is growing geometrically and gaining support. They have exploited the current world economic crisis and frustration with the current administration.

With that being said, many of you are here now because I enacted the "Phoenix Protocol". A draft of military talent and expansion of the G.I. Joe team.

To my Left is NATO General Quaid, he is currently CIC* of G.I. Joe International Our teams are now intergrated to combat this growing global threat.

*CIC = Commander in Chief

Cpl Kibbe and Agent Shamir are our Communications specialists.

General Flagg, JCOS, General Joe Colton,
Special Ops Command, Mr. Nick Fury of
S.H.E.I.L.D., RedZone, Commander of Steel
Brigade and Agent Mann of Interpol.

That's it people. Remember, this new
Cobra is playing by a different rulebook.
Your section leaders will contact you shortly.

So, what do you make of that?

Dude, I just wanna know why I got called up off a nice cushy retirement!

Gunny Ender!

Ask and ye
shall receive!

Gunny Ender? General Hawk
would like a word with you...

It's like this...I have at my disposal some of the best hackers in the western hemisphere. They are brilliant, dedicated, but...they are NOT Soldiers. They tend to think of themselves as above being grunts and they need a teacher and mentor who can show them strength and courage in the face of adversity.

So, basically, do what you do best! Take a bunch of Data Geeks and make Marines out of them!

Ooh Rah, Sir!
I'll make Life-takers
and Heart-breakers
out of the lot of them!

KILL!

I would expect nothing less
from you! Carry on!

Semper Fi, Sir!

**FOLKS I'D LIKE TO THANK:
KENT "OTTO" PHILLIPS
FOR FEEDING MY "PLASTIC
CRACK" ADDICTION!**

**MY WIFE, FOR BEING PATIENT
WITH MY LAZY BEHIND
AND MY SON, JONATHAN,
FOR BRINGING MORE JOY
INTO MY LIFE THAN ANY MAN
HAS THE RIGHT TO FEEL!**

DADDY LOVES YOU, LITTLE MAN!
